

## ENCHANTING DUBAI

*"We in the UAE have no such word as 'impossible it does not exist in our lexion"*

HH Sheikh Mohammed bin Rashid Al Maktoum Dubai is located on the Eastern coast of the Arabian Peninsula, in the south west corner of the Arabian Gulf. It is well known for its warm hospitality and rich cultural heritage. With year-round sunshine, fascinating deserts, gorgeous beaches, luxurious hotels and shopping malls, charming heritage attractions and a flourishing business community, Dubai receives millions of business visitors each year from around the world. Dubai is the most populated city in the United Arab Emirates (UAE). Dubai has emerged as a global city and business hub of the Middle East. It is also a major transport hub for passengers and cargo. Dubai has recently attracted world attention through many innovative large construction projects and sports events. Dubai has a rich collection of buildings and structures of various architectural styles. The city has become iconic for its skyscrapers and high-rise buildings, in particular the world's tallest building, the Burj Khalifa

## ABOUT THE INTERNATIONAL CONFERENCE ON ENGINEERING MANAGEMENT AND ADVANCED TECHNOLOGIES

The International Conference on Engineering, Management and Advanced Technologies-2027 (EMAT-2027) will be held in Dubai on Jan. 24-27, 2027. EMAT-2027 will be the most comprehensive conference focused on the various aspects of Science, Management,

Engineering & Technology and is aimed to showcase the new and everlasting research trends, frontiers, innovations, advancements & developments in the contemporary disciplines. EMAT-2027 is a premier gathering of professors, scientists, engineers, technologists, planners, managers, innovators, policy makers, student researchers, and others interested for sharing ideas, knowledge and experiences across the globe.

The professional from the industry, academia and government to discourse on research and development, professional practice, business and management are welcome to the EMAT-2027.

## OBJECTIVES

The EMAT has three primary aims:

The **first aim** is to provide opportunities for academics from a range of disciplines and countries to share their research through the conference podium. All EMAT conferences are inter and multi-disciplinary.

The **second aim** of the Conference Series is to provide opportunities for academics to receive informal in-depth feedback through discussions, and to enable them to establish contact with professionals in other countries and institutions. The tours are the main way of "breaking the ice" away from the formalities of the conference hall, providing an informal setting for discussing different points of view. Even in an increasingly networked world of internet and satellite conferences, there is no substitute for personal interaction—what Edward R. Murrow calls "the last three feet of communication."

The **third aim** of the Conference Series is to introduce academics to educational premises in locations that are suitable for study abroad programs and which may meet their students' educational need.

## TOURS

A complimentary one day Abu Dhabi city tour, one day Dubai city tour and half day Desert Safari will be provided to participants who will register for four-day conference.

## International Conference on Engineering, Management, and Advanced Technologies - 2027 (EMAT-2027), Dubai, UAE

**(December 24-27, 2027)**

Organized by

**International Research Innovation Alliance**

Chief Coordinators

**Dr. M.S. Khamba**

**Dr. Adrienn Dóra Prieger PhD**

**I** NTERNATIONAL  
**R** ESEARCH  
**I** NNOVATION  
**A** LLIANCE

[www.iriainnovation.org](http://www.iriainnovation.org)

## PARTICIPANTS

We look forward to welcoming current researchers on advances and innovations being carried out by scientists, scholars, engineers, and students from the universities in the area of Science, Management, Engineering and Technology all around the world! We hope that you can join us in the EMAT with new insights during Jan. 24-27, 2027. The programme is interdisciplinary and only limited number of seats are available. The interested person needs to submit the abstract of manuscript through

<https://iriaconference.org/Dubai>. The editorial board of EMAT-2027 welcomes invites abstracts as long as they fall along one of the following five tracks:

- Social Sciences and Humanities**
- Business and Economics**
- Teaching and Education**
- Engineering and Technology**
- Physical, Life and Health Sciences**

After peer review by the advisory committee, decision will be communicated to the author. In case of acceptance of abstract, author will have to email the manuscript to [secretary@iriaconference.org](mailto:secretary@iriaconference.org) and register for the conference. The accepted submissions will be clustered around their common topics and areas of interest

### REGISTRATION

Registration is open to everyone, not just to research presenters. Participant may attend the conference as Listener also (Without submitting any manuscript). Following options are available for registration:

Registration fees	Early Bird Registration (by 15 <sup>th</sup> Oct. 2027)	After 15 <sup>th</sup> Oct. 2027
Listeners/Student/Research Scholar/Academician/Industrial Participant for one Day (Tours not included)	275 USD	325 USD
Listeners/ Student/Research Scholar/Academician/Industrial Participant for four Days (Tours included)	425 USD	495 USD
Listeners/ Student/Research Scholar/Academician/Industrial Participant (for two persons) for four Days (Tours included)	675 USD	825 USD
Online participant	100 USD	150 USD

The \$825 option is not available for two authors with two or more research presentations.

Participants may register through the registration link which is available at <https://iriaconference.org/Dubai>

### CALL FOR PAPERS

All submitted conference papers will be blind peer reviewed by three competent reviewers. Accepted papers will be published in **International Journal of All Research Education & Scientific Methods**. Selected papers will be published in **Scopus indexed** journals after peer review.
